

REMARKS:

Six sheets of formal drawings are filed herewith to replace the informal drawings filed with the Application.

Page 26 of the specification is being amended to change the reference numeral identifying one element 187 of Fig. 7 to "157A" to avoid referring to two different elements of Fig. 7 as "187".

The paragraph beginning at page 35, line 32, of the specification is being amended to change the reference numeral identifying one element 192 of Fig. 8 to "192A" to avoid referring to two different elements of Fig. 8 as "192".

This amendment was not earlier presented because it was not until May 20 that the obviously erroneous labeling of two different elements of Fig. 7 as "187" and the obviously erroneous labeling of two different elements of Fig. 8 as "192" was noticed.

Respectfully submitted,
